# Alexandria Gazette

TUESDAY EVENING, APRIL 16, 1878.

THE DATE OF EASTER. - Batter Sunday falling on April 21 is considered late this year, and it is thirteen days after the mean date, but it is to be remarked that in no year since the intro-duction of the Gregorian Calendar into England has the festival occurred on the latest possible date, April 25, though in two years, 1761 and 1818, it fell on March 22, which is the other limit. In 1886 Easter Sunday will fall on April 55, in the new or Gregorian style, for the first time since the year 1734, or eighteen years before this style was accepted in England. The only other occasion since the reformation of the calendar by Pope Gregory XIII, upon which Kaster has fallen on the latest possible date was in 1666 and after 1886 this will not sgain occur

A CASE of the most revolting cruelty has just been developed in New York, the wickedest city in the world. On Friday a little blind girl was brought into Court with every indication that her blindness had been caused by violent means, for the purpose of using her as a beggar. The little unfortunate was found in the keeping of a vile looking Italian beggar. The details of the case as developed thrill the blood with hor-ror, and it would seem incredible that such things could be but that it was shown there were similar cases on record. It appeared that the little one had been blinded with a red hot poker.
